SUBJECT INDEX

ACQUIRED resistance to *F. hepatica* in sheep, 125
Activity of some chemical disinfectants against Talfan virus and porcine adenovirus Type 2, 137
Adenovirus-precipitating antibodies in the sera of some domestic animal species in Ireland, 567
Androgen steroids associated with boar odour as an aid to the detection of oestrus in pig artificial insemination, 497
Anomalous origin of the right subclavian artery in the dog, An 76
Atrial fibrillation in dogs, 485
BACTERIOLOGICAL and serological studies in preparturient sows, 57
Benzetimide (R4929), effect on ruminal and intestinal motility in sheep, 264
Blindness in Friesian cows in Iran, 101
Bodyweight changes during the canine oestrous cycle, 460

Book reviews—
- Anatomical techniques (D. H. Tompsett), 503
- Animal pathology (A. R. Jennings), 299
- Bone tumours in man and animals (L. N. Owen), 148
- Bovine medicine and surgery and health herd management (ed. W. J. Gibbons, E. J. Catcott and J. F. Smithcors), 547
- Canine cardiology (S. Ettinger and P. Sutter), 548
- Control of human fertility (Br. med. Bull.), 55
- Cours de mycologie médicale comparées—Les mycoses animaux et leurs relations avec les mycoses de l'homme (J. Euzeby), 148
- Diseases of cage and aviary birds (ed. M. L. Petrak), 54
- Diseases of poultry (P. Seneviratna), 251
- Diseases of swine (ed. H. W. Dunne), 547
- Fertility and infertility in domestic animals (ed. J. A. Laing), 346
- Guide to the dissection of domestic ruminants (R. E. Habel), 299
- Handbook of veterinary procedures and emergency treatment, The (R. W. Kirk and S. I. Bistner), 100
- Herdsman's book, The (K. Russell, revised S. Williams), 100
- In search of beef (A. Fraser, T. L. Dodsworth, C. Ball and P. J. Broadbent), 347
- International zoo yearbook 10, The (ed. J. Lucas), 251
- Lactogenesis: the initiation of milk secretion at parturition (ed. M. Reynolds and S. J. Folly), 452
- Nutrition and disease in experimental animals (ed. W. D. Taverner), 503
- Quantitative genetics in sheep breeding (Helen Newton), 99
- Report on the animal health services in Great Britain, 1969, The, 503
- Small animal dermatology (G. H. Muller and R. W. Kirk), 451
- Textbook of veterinary clinical pathology, A (ed. W. Medway, J. E. Prier and J. S. Wilkinson), 56
- Veterinary Annual, The (ed. C. S. G. Grunsell), 300
- Veterinary endocrinology and reproduction (L. E. McDonald), 200
- Veterinary helminthology (A. M. Dunn), 451

Bovine salmonellosis in England and Wales, 225
Brucella melitensis, comparison of various serological tests on milk of sheep in relation to isolation of, 105
CALVES, machine-reared, observations on the morbidity problem in, 184
Carbon tetrachloride and other fasciocidal drugs, toxicity in sheep and chickens, 301
Cholesterol, serum, routine estimation of, 327
Complement-fixing antibodies in cattle experimentally infected with *Theileria annulata* or vaccinated with tissue cultures, 244
Congenital melanoma in a calf: review and case report, A, 289
Controlled test of methyridine, thiabendazole and parbendazole against *Haemonchus contortus* and *Trichostrongylus colubriformis* in lambs, A, 201
Cowpox in okapis (Okapia johnstoni) at Rotterdam Zoo, 20
Critique of the methods and results of the British national survey of disease in farm animals. I. Discussion of surveys; II. Some general remarks on population surveys of farm animal diseases, 511, 587
DEMODICOSIS in cattle in East Africa, pathogenesis of, 30
Dicrocaelium dendriticum (Rudolphi, 1819) Looss, 1899 in Turkey. I. Field studies of intermediate and final hosts in the South Marmara region, 1968, 67
Direct trauma of mammary glands in dairy cows. I. Variations in incidence due to animal variables, 271
Drug-induced lenticular lesions in the dog, 301
ENDOCARDITIS in the pig caused by *Actinobacillus equuli:* a field and an experimental case, 25
Escherichia coli in newborn lambs, 214
Escherichia coli and *Salmonella dublin* survival in slurry on pasture, and infectivity of *S. dublin* for grazing calves, 536
FASCIOLA *hepatica*, effect of hexachlorophane and nitroxynil on, in combination, 149
Fasciola hepatica in sheep, acquired resistance to, 125
Fasciola hepatica in sheep, attempts to transfer resistance with lymph node and spleen homogenates, 408
Fascioliasis, method for estimating the level of infection to which sheep are exposed, A, 118
Foot and mouth disease, effects of killing or removal of animals affected with, on the amounts of airborne virus present in loose-boxes, 358
GLUCOSE tolerance test, oral, in the young pig, The, 318
Gnotobiotic lambs, Observations on rearing, 349
HIGH latitudes, short-term effects of simulated transfer of breeding ewes to, 366
Histopathology of transient paralysis of the fowl, The, 313
Hydatid cyst in camels in south Iran, a survey of the incidence, 544
IMMUNOGLOBULINS of adult equine and foal sera, the: a quantitative study, 45

Initial Reports and Short Communications:
- Attempt to determine whether maternal transmission of scrapie occurs in mice, An (August), xxxii
- Chemotherapeutic agent for all stages of liver fluke disease, in sheep, A (August), xl
- Clinical use of the anthelmintic mebendazole, The (September), xli

Comparison of radiosulphate and thiosulphate spaces as a measure of the extracellular fluid in calves, A (September), xlvii
Complement-fixation test for tick-borne fever of sheep, A (September), xliv
Concentration of progesterone in the milk of cows during the reproductive cycle (August), xix
Digestion and absorption of ^{15}N-labelled microbial protein in the large intestine of the horse (May), xi
Duration of proestrus, oestrus and vulval bleeding in the beagle bitch (August), xxv
Evaluation of cellular indices in canine vaginal cytology, (December), lxiii
Evaluation of three anthelmintics against *Nematodirus battus* in lambs by means of the improved controlled test (August), xxviii
Evidence for hypothalamic α and β adrenergic receptors involved in the control of food intake of the pig (October), li
Experimental transmission of *Ostertagi ostertagi* (Stiles, 1892) Ransom 1907 to sheep (December), lxviii
Field trial of live avian infectious bronchitis vaccine in replacement breeding stock, A (August), xxxv
Infectivity of *Theileria mutans*, *Eperythrozoon wenyoni* and *E. teganodes* to sheep and of *E. ovis* to cattle, The (November), lv
Intestinal protozoa of domestic pigs in the Teheran area of Iran, Studies on (March), iii
Intramammary inoculation of mice with scrapie (February), i
Isolation of *Mycoplasma agalactiae* varias bovis from the respiratory tract (May), ix
Long-term effects of early malnutrition on DNA content and growth in the tissues of the Japanese quail (*Coturnix coturnix japonica*) (August), xxiii
Occurrence of *Fasciola gigantica* in the liver of an Indian rhinoceros, The (May), vii
Production of dysentery in swine by feeding cultures containing a spirochaete, The (November), lvii
Serotypes of *Pasteurella haemolytica* isolated from calves (December), lxvi
Some biochemical and haematological parameters of inwintered sheep (June), xv
Intravenous retrograde regional anaesthesia of the forelimb in buffalo calves, Studies on, 401
Irradiated eggs, further investigations of the use of, to develop immunity against *Ascaridia galli* in chickens, 430
LAMBS, technique for the derivation of, by hysterectomy, 419
Leptospiral antibodies, comparison of tests in rabbit and buffalo-calf hyperimmune serum for detection of, 154
MYCOPLASMA *hyorhinis*, identification of, 582
NEMATODE fauna of the Chillingham Wild White Cattle, The, 113
Nutritional deprivation in the Japanese quail (*Coturnix coturnix japonica*), Response to, 384
OPISTHORCIASIS noverca in dogs and pigs, pathology of liver and pancreas in, 239
Oral glucose tolerance test in the young pig, The, 318
Ossification sites, post-natal, a contribution to radiographic interpretation, 83
Ovine abortion due to toxoplasmosis, trial of a killed vaccine in the prevention of, 529
PERICARDITIS, coliform, failure of *M. gallisepticum* infection to predispose chickens to, 163
Plasma 17-hydroxycorticosteroid levels in healthy and diarrhoeic calves, 372
Plasma and faecal osmolality, water kinetics and body fluid compartments in neonatal calves with diarrhoea, 37
Plasma proteins and certain non-protein nitrogenous constituents in the blood of Indian elephants, 207
Preparturient sows, bacteriological and serological studies in, 57
RECTAL temperature during normal oestrous cycle in the beagle bitch, Changes in, 93
Reproductive performance of British breeds of sheep in an equatorial environment. I. Mountain breeds; II. Lowland breeds, 1, 10
Reproductive tracts of female water buffaloes in Iraq, A study of, 425
Routine estimation of serum cholesterol with special reference to low concentrations, The, 327
SALMONELLA *abortus-equi* infections, Epidemiology of in equines, 378
Salmonella dublin infection in a beef herd, 294
Salmonella dublin infection in clinically healthy beef cattle, some observations on, 549
Salmonella dublin infection, a contribution to the epidemiology of in cattle, 173
Salmonella dublin infection, experimental, in sheep, 557
Salmonellosis, bovine, in England and Wales, 225
Serum immunoglobulin levels in cattle, influence of environment on, The, 442
Society for Veterinary Ethology, Proceedings, June and November 1970, 394
Spheroplasts and mycoplasma in synovial fluid, A note on, 143
Streptococcus agalactiae, isolation of L forms from cases of bovine mastitis, 253
Streptothricosis, bovine cutaneous, in Nigeria, Incidence of, 505
Streptothricosis in the domestic donkey (*Equus asinus asinus*). I. Clinical observations and clinical pathology, 572
Subclavian artery of dog, Anomalous origin of, 76
Surra in camels, diagnosis by passive haemagglutination test, 283
Surveys of disease in farm animals, Critique of, 511, 587
Survival of *Escherichia coli* and *Salmonella dublin* in slurry on pasture, and the infectivity of *S. dublin* for grazing calves, 536
THEILERIA *annulata*, cattle experimentally infected with, complement-fixing antibodies in, 244
Thoracic radiography, routine, in health monitoring of small primates, 220
Toxicity of carbon tetrachloride and other fasciocidal drugs in sheep and chickens, 304
Toxoplasmosis, ovine abortion due to, trial of killed vaccine in prevention, 529
Trypanosoma theileri-like trypanosomes of cattle, Studies on. I. Culture and storage of isolations; II. Characteristics of infection in a single Ayrshire cow, 466, 476
UREA as a protein supplement for growing rabbits, 523
VETERINARY component of animal production, The, 453
Virological studies on an experimental minimal disease herd of pigs, 436
Viruses isolated from bull semen, some characteristics of, and their possible pathogenicity, 88
Vitamin B_{12}, production of in the horse, The, 34
